# TREND WATERPARK AND PLAYGROUND EQUIPMENT

## THE EVOLUTION OF FUN

## ABOUT US

“To Build trust confidence among our exciting customer who relay and satisfied on our work and help us to achieve feat we desire”

The journey of the “TREND” is started with the thought of continual improvement, system based approach, to achieve customers delight and to set Trend in the industry. Trend Waterpark & Playground Equipment’s, Established in the month of March of year 2018. With one manufacturing unit of 4500 sq ft., in the span of seven months we have successfully set second manufacturing unit of area more than 1 acre. We are an ISO 9001 – 2015 certified company, we are registered with MSME, and we are member of “Indian association of Amusement parks and Industries”.

We are well equipped with adequate resources like Space, Skilled manpower, Machines and we are continuously upgrading the resources.

With tremendous passion, dedication, hard work & speed we are been able to reach all over India in very short span of time. Quick response, through guidance to customer and speedy execution are being the key factors of success.

## VISION

## FUN WITHOUT LIMIT

## OBJECTIVE

Core purpose of the trend is not only to serve the need or requirements of the recreational, amusement and playground market, but also to add value to the money spent by customer by introducing innovative products and continuously upgrading the products, by providing best Service and by acting upon the suggestions or needs shared by all individual customer.

Trend water park and playground equipment is willing to work in collaborative manner, where customers are considered as a part of organization
